Dear Mr. Fernqvist:

Please accept my heartfelt congratulations, and that of the entire State IT community, for your "Best of New York" Green IT Award award.

From over 75 entries, the Center for Digital Government's award team used intergovernmental and interagency collaborations, innovative uses of technology, and high-impact services delivered to the public as the main criteria for their selections.

You can be proud of your significant achievement which rose to the top. As New York's Chief Information Officer, I wanted to personally thank you and add another loud "Well done!" in recognition of your outstanding efforts to make technology better serve the citizens of New York. We are extremely proud of your contributions to show how technology can improve the quality of life for those we serve.

All the best at being the Best!

Cordially,

Dr. Melodie Mayberry-Stewart
